

Repair & Maintenance Contracts

Fixed price budgeting and peace of mind

We provide repair and maintenance contracts for the entire range of MAN Diesel & Turbo engines and turbochargers, which includes Mirlees Blackstone, Paxman and Ruston diesel engines. Our service is flexible and comprehensive, covering a wide range of engines and manufacturers, and can be applied worldwide.

Designed to help you manage the financial and operational aspects of your business effectively, our repair and maintenance contracts give you immediate access to a world-class service operation that can help you operate your engines with maximum efficiency and give you complete peace of mind.

Your equipment will perform better, with fewer breakdowns and lower running costs. Through MAN Diesel & Turbo, you will receive expert attention from the most experienced engineers in the world for these engines. We will tailor the service and its costs to your specific requirements. Scheduled service can be arranged according to your operational needs, and with planned visits there will be no delays waiting for parts or engineers' availability.

Our repair and maintenance contracts represent the perfect solution for owner-operators running out-of-warranty engines, organisations seeking to minimise risk or any business looking for continued operation at a fixed price.
